Intro/interlude: **A**   **Asus**

verse:
      A   **Asus**
I was a prisoner of sin and shame
  A   **Asus**
My heart was bound with no escape
    F#m7   **Esus**
I was a criminal in my own chains
     A/D   **Esus**   **E**
Til' I heard Your voice call my name

chorus:
      F#m   **D**   **A**
You're writing a better story
    F#m7   **D**   **A**
Than my sin could ever tell
     F#m7   **D**   **A** **E**
Your blood has spoken for me
   F#m7   **D**   **A**
I know that it always will

verse 2:
I was a wanderer
All hope was lost
Til' mercy came
Now I belong
I am a child of God
I am not alone
You have changed my name
And brought me home

bridge:
A   **Asus**
You call the dead to life so they can sing your praise
You open blinded eyes so they can see Your face
There is no heart too far, There is no grave too deep
The power of Your word changes everything

bridge 2:
A   **Asus**
You call the dead to life so they can sing your praise
A   **Asus**
You open blinded eyes so they can see Your face
F#m   **D**
There is no heart too far, There is no grave too deep
A   **E**   **D**
The power of Your word changes everything
